Dear Paula & Jerry,

It is with heartfelt thanks that we write this letter to you both. What a team!

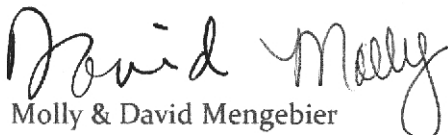

Having an older home, 82 years old to be exact, can often feel overwhelming. It is not an easy task to improve parts of the house, yet not have the original, untouched parts stick out like an old sore thumb. But your companies have twice assisted us in doing just that. We have been so fortunate to be able to tackle bits at a time on our house while maintaining the overall look of the original structure. Our house has a unique charm to it that stands out proudly in a neighborhood of mostly dark brick homes.

With Jerry and Tim leading the way on original drawings and Paula following up with the building aspect of the projects, we felt 100 % confident in our undertaking with both JK Janiga Architects and PJ Construction Company. Our ideas, concerns, purpose and budget were your priority from start to finish and we very much appreciated it. Your expertise helped turn our vision of making our home more our own style with the updated touches we were looking for. A house that we thought was just "so so" 9 years ago now feels like our own home with a relaxed, classy, family style that helps define our lives.

We would be remiss not to mention the friendship we developed with you both during our remodeling. You are so comfortable to have "hanging around" during construction that we are almost sorry the project is completed, as we will miss our conversations, insights and laughs.

Thank you for being top notch in your work. We appreciate you and are happy for you to give our name to anyone seeking a referral. We shall give you glowing remarks.

With appreciation for a job well done,

A handwritten signature in cursive script that reads "David Mally".
